Director's Message

DR. RUSTAM BORA

DIRECTOR
MANAGEMENT DEPARTMENT

As Director of the Management Department at Deepshikha College, I'm here to offer you an immersive experience, a launchpad for a thriving career in management with an experiential learning.

Gone, the days of dusty textbooks and dry lectures. At Deepshikha, we believe in learning by doing. Our curriculum is infused with real-world simulations, interactive case studies, and industry-driven projects. You won't just be memorizing; you'll be analyzing, strategizing, and executing like a true business leader.

Why is this so crucial? Because the business world is not a static textbook. It's dynamic, fast-paced, and demands agility, adaptability, and real-world skills. We bridge the gap between theory and practice through:

- **Expert faculty with years of industry experience who bring the boardroom to the classroom.**
- **Collaborative learning where you solve real-world problems with your peers, refining your communication and teamwork skills.**
- **Live projects with leading companies, giving you a taste of the challenges and rewards of the corporate world.**
- **Industry internships that provide invaluable hands-on experience and build your professional network.**

We focus on holistic development, nurturing not just your academic prowess but also your leadership potential, critical thinking, problem-solving abilities, and entrepreneurial spirit. We equip you with the tools to not just manage, but to lead, innovate, and disrupt.

But it's not all about work. Deepshikha fosters a vibrant community where you'll connect with like-minded peers, engage in stimulating discussions, and participate in industry events. This network will become your support system and springboard for success.

So, are you ready to be the future of management?
Join us at Deepshikha College, and let's rewrite the rules of business together.
Happy Learning...!!!

‘The illiterate of this century will not be those who cannot read or write but those who cannot learn, unlearn and relearn.

Head Academics

The existent business setup is highly stimulating and vibrant. A student has to formulate and make sure his or her promptness to exploit the prospects evolving in this highly competitive market. Management organizations play a vivacious role in inculcating these values.

With a vision to create globally accepted and trained managers, the management department in collaboration with our academic partner WOX Learning, aims to train the budding managers with the competitive skillset to get acquainted in the challenging world. The need of the time is to create a comprehensive learning environment where the students brush up their skills and face the stimulating market situations with confidence and dynamism. The pedagogy in our institution is designed in such a way that it helps the students to work with multi-dimensional ability so that they can bring out the best of their skills. The association with the leading experts from industry and academia serves the purpose for the same.

The highly qualified and experienced faculties here are actively working in their pursuit of encouraging and spreading knowledge through training, research and education. Our department provides exceptional environment to the budding managers in the form of experiential learning, simulation exercises, case studies, live projects, workshops and extracurricular activities. “Overall development of students with an impressive personality and disciplined life” has been the main focus of the department. The department has been able to attract leading firms for campus recruitment.

On our part we promise you our committed support as and when required. Welcome to your own college.
